CHRYSANTHEMUMS.
The New Yellow Hairy

Chrysanthemum.

ZAMBESEI.

This variety is not an importation, but one of our own seedlings. (W. H. Lincoln X Mrs. A. Hardy.) It resembles W. A. Manda in its hairy petals, yet it is not synonymous. It partakes of Lincoln in color (bright yellow) and dwarf short-jointed growth. The foliage is similar to that of Hardy, only much larger. This is without doubt the greatest novelty of the year.

Price, $1.00. Ready March 1st.

For description of other novelties see pages 22 to 28.

Adrian, Mich., Feby 1st, 1892.

Dear Friends and Patrons:

In compiling our Catalogue for 1892, we have been compelled to omit many of the older varieties to make room for the numerous novelties of last year. Most of the older ones we continue to carry in stock and can furnish when required.

Our stock at this date numbers 30,000 young plants, in fine condition, ready for immediate shipment, and by May 1st will be increased to over 100,000.

To parties in the trade requiring plants in quantity, we shall be pleased to quote special prices.

It will afford us much pleasure to make selections for beginners and those not familiar with the many varieties now in commerce.

We are in receipt of many communications complimenting the quality of stock, mode of packing, and liberal count, from our numerous patrons of last season. We shall endeavor to keep your confidence by honest and fair dealings. We are certain no one is more anxious to please or in better condition to serve you.

Thanking you for your generous patronage, and soliciting a continuance of the same, we are.

Yours respectfully,

Nathan Smith & Son.
Please use order sheet, as it will facilitate our work very much.

We would advise, as far as practical, to have plants shipped by express, but when preferred we will forward by mail post paid at prices herein quoted.

All orders packed in strict rotation and delivered to carriers free of charge, after which our responsibility ceases.

We never substitute unless purchaser gives permission to do so.

We exercise the greatest care to keep our stock true to name.

Remittance should be made either by Bank Draft, P. O. Order, Express Order, Postal Note or Registered Letter.
